

## What do women with disabilities and Deaf women in Ontario need?

- \* Training for frontline workers to better support women with disabilities and Deaf women without assumptions and prejudice;
- \* Service providers to outreach to women with diverse disabilities, using accessible communication/information including feedback mechanisms, in accessible facilities and providing appropriate accommodations;
- \* Inclusive policies and accessibility practices required and measured by funding Ministries;
- \* Updates on policies and legislation that impact women with disabilities and Deaf women through an intersectional lens.

## What can you do?

Join us in supporting women with disabilities and Deaf women in Ontario and across Canada.
